## Comfortable

A blonde and a brunette are running a ranch together in Louisiana. They decide they need a bull to mate with their cows to increase their herd. The brunette takes their life savings of \$600 dollars and goes to Texas to buy a bull. She eventually meets with an old cowboy that will sell her a bull. "It's the only one I got for \$599, take it or leave it." She buys the bull and goes to the local telegram office and says, "I'd like to send a telegram to my friend in Louisiana that says: Have found the stud bull for our ranch, bring the trailer." The man behind the counter tells her, "Telegrams to anywhere in the U.S. are \$. 75 per word." She thinks about it for a moment and decides. "I'd like to send one word, please." "And what word would that be?" inquires the man. "Comfortable," replies the brunette. The man asks, "I'm sorry miss, but is your friend gonna understand this telegram?" The brunette replies, "My friend is blonde and reads REAL slow, when she gets this, she will see COM-FOR-DA-BULL."

## The Blonde Column

An Irishman, a Mexican and a blond guy were doing construction work on scaffolding on the 20th floor of a building. They were eating lunch and the Irishman said, "Corned beef and cabbage! If I get corned beef and cabbage one more time for lunch I'm going to jump off this building!" The Mexican opened his lunch box and exclaimed, "Burritos again! If I get burritos one more time I'm going to jump off, too." The blond opened his lunch and said, "Bologna again. If I get a bologna sandwich one more time I'm jumping too!" The next day the Irishman opened his lunch box, saw corned beef and cabbage and jumped to his death. The Mexican opened his lunch, saw a burrito and jumped too. The blond opened his lunch, saw the bologna and jumped to his death as well. At the funeral the Irishman's wife was weeping. She said, "If I'd known how really tired he was of corned beef and cabbage I never would have given it to him again!" The Mexican's wife also wept and said, "I could have given him tacos or enchiladas! I didn't realize he hated burritos so much. "Everyone turned and stared at the blond's wife... "Hey, don't look at me," she said, "He makes his own lunch."

A blonde was having sharp pains in her side. The doctor examined her and said, "You have acute appendicitis." The blond yelled at the doctor... "I came here to get medical help, not get a stupid compliment!!"

A blonde got a dent in her car and took it in to the repair shop. The repairman, noticing that the woman was a blonde, decided to have a wee bit of fun. So he told her all she had to do was take it home and blow in the tailpipe until the dent popped itself out. After 15 minutes of this, the blonde's blonde friend came over and asked what she was doing. "I'm trying to pop out this dent, but it's not really working." Her friend replied, "Duh. You have to roll up the windows first!"

## Suspenders

One day, in a small town in the middle of no-where, a redneck wearing nothing but jeans and suspenders was pumping gas into his pinto at the local gas station. A rich man in a Ferrari pulled up next to him to pump gas into his \$600,000 car. As the rich man was pumping gas he looked over at the redneck and asked, "you wanna race farm boy?" Not one to back down to a challenge the redneck replied in a defiant tone "I sure do city boy!" Shortly after that, the two men had their cars lined up on a super long stretch of straight road. The two men were standing in between the two cars discussing how to insure a fair start. They concluded that the rich man would hold up 3 fingers and do a count down. When the last finger dropped they would go for it. They got in their vehicles. The rich man started the count down and when the last finger fell they took off. The rich man decided to toy with the redneck and only shift up to second gear, but by the time he got to full speed in second gear the pinto was just a dot in his rear view mirror. "What a waste of time." the rich man thought. Suddenly, RRRRROOOOOOMMMMMM!!! The pinto went roaring by. "Whoa!" the rich man said. So then he shifted up into 3rd then 4th gear to still give the redneck a sporting chance. Once again the pinto became a dot in his rear view mirror. RRRRROOOOOOMMMMMM!!! To the rich man's surprise the pinto went flying by again! "FINE!" The rich man shouted. So then he went all out, shifting up into 6th gear and putting the pedal to the floor. By now the Ferrari was doing about 210 Mph. The Ferrari blew by the pinto and once again the pinto became a tiny speck in his rear view. RRRRROOOOOOMMMMMM!!! The pinto blew by him again, practically blowing the Ferrari's doors off. Having been beaten by the pinto the rich man pulled over to the side of the road and stopped. In a rage he got out and slammed his door as the redneck backed up next to his car. "WHAT KIND OF MOTOR DO YOU HAVE IN THAT PINTO!" Shouted the rich man. The redneck climbed out of his Pinto shaking like a nervous Chihuahua and replied, "I have no idea, BUT I GOT MY SUSPENDERS CAUGHT IN YOUR DOOR!!!"

## Period

Little Johnny's teacher told the class to go home and find something interesting to tell the class for the next day. The next day when the teacher told Johnny to tell his story, he went up to the blackboard and drew a period. The teacher asked Johnny what was so interesting about a period. Johnny stood up and replied "I don't know, but this morning when my sister said she missed one, mom fainted, dad fell down the stairs, and the guy next door shot himself!"

## GM vs Microsoft

**Bill Gates is hanging out with the chairman of General Motors.** "If automotive technology had kept pace with computer technology over the past few decades," boasts Gates, "you would now be driving a V-32 instead of a V-8, and it would have a top speed of 10,000 miles per hour. Or, you could have an economy car that weighs 30 pounds and gets 1,000 miles to a gallon. In either case, the sticker price of a new car would be less than \$50." "Sure," says the GM chairman. "But would you really want to drive a car that crashes twice a day? Plus, only one person at a time could use the car, unless you bought 'Car95' or 'CarNT'. But then you would have to buy more seats that would force everyone to have the same size butt. The airbag system would say, 'Are you sure?' before going off. Also, you would press the 'start' button to shut off the engine!"
