Why, Why, Why???

- *Why do we press harder on a remote control when we know the batteries are getting weak?
- *Why do banks charge a fee on "insufficient funds" when they know there is not enough?
- *Why does someone believe you when you say there are four billion stars, but check when you say the paint is wet?
- *Why doesn't glue stick to the bottle?
- *Why do they use sterilized needles for death by lethal injection?
- *Why doesn't Tarzan have a beard?
- *Why does Superman stop bullets with his chest, but ducks when you throw a revolver at him?
- *Why do Kamikaze pilots wear helmets?
- *Whose idea was it to put an "S" in the word "lisp"?
- *If people evolved from apes, why are there still apes?
- *Why is it that no matter what colour bubble bath you use the bubbles are always white?
- *Is there ever a day that mattresses are not on sale?
- *Why do people constantly return to the refrigerator with hopes that something new to eat will have materialized?
- *Why do people keep running over a string a dozen times with their vacuum cleaner, then reach down, pick it up, examine it, then put it down to give the vacuum one more chance?

- *Why is it that no plastic bag will open from the end on your first try?
- *How do those dead bugs get into those enclosed light fixtures?
- *When we are in the supermarket and someone rams our ankle with a shopping cart then apologizes for doing so, why do we say, "It's all right?" Well, it isn't all right, so why don't we say, "That hurt, you stupid idiot?"
- *Why is it that whenever you attempt to catch something that's falling off the table you always manage to knock something else over?
- *In winter why do we try to keep the house as warm as it was in summer when we complained about the heat?
- *How come you never hear father-in-law jokes?
- *The statistics on sanity are that one out of every four persons is suffering from some sort of mental illness. Think of your three best friends — if they're okay, then it's you.

Bringing In the New Year With New Blonde Jokes

Blonde LOGIC - Two blondes living in Oklahoma were sitting on a bench talking and one blonde says to the other, "Which do you think is farther awayFlorida or the moon?" The other blonde turns and says "Hellooooooo, can you see Florida...???"

CAR TROUBLE - A blonde pushes her BMW into a gas station. She tells the mechanic it died. After he works on it for a few minutes, it is idling smoothly. She says, "What's the story?" He replies, "Just crap in the carburetor" She asks, "How often do I have to do that?"

SPEEDING TICKET - A police officer stops a blonde for speeding and asks her very nicely if he could see her license. She replied in a huff, "I wish you guys would get your act together. Just yesterday you take away my license and then today you expect me to show it to you!"

RIVER WALK- There's this blonde out for a walk. She comes to a river and sees another blonde on the opposite bank. "Yoo-hoo!" she shouts, "How can I get to the other side?" The second blonde looks up the river then down the river and shouts back, "You ARE on the other side."

KNITTING - A highway patrolman pulled alongside a speeding car on the freeway. Glancing at the car, he was astounded to see that the blonde behind the wheel was knitting! Realizing that she was oblivious to his flashing lights and siren, the trooper cranked down his window, turned on his bullhorn and yelled, "PULL OVER!" "NO!" the blonde yelled back, "IT'S A SCARF!"

BLONDE ON THE SUN - A Russian, an American, and a Blonde were talking one day. The Russian said, "We were the first in space!" The American said, "We were the first on the moon!" The Blonde said, "So what? We're going to be the first on the sun!" The Russian and the American looked at each other and shook their heads. "You can't land on the sun, you idiot! You'll burn up!" said the Russian. To which the Blonde replied, "We're not stupid, you know. We're going at night!"

BLONDES HAVE PETS TOO - A girl was visiting her blonde friend, who had acquired two new dogs, and asked her what their names were. The blonde responded by saying that one was named Rolex and one was named Timex. Her friend said, "Whoever heard of someone naming dogs like that?" "HELLLOOOOO.....," answered the blond. "They're watch dogs!"

Computers: Male or Female?

- A language instructor was explaining to her class that French nouns, unlike their English counterparts, are grammatically designated as masculine or feminine.
- Things like 'chalk' or 'pencil,' she described, would have a gender association although in English these words were neutral. Puzzled, one student raised his hand and asked, "What gender is a computer?"
- The teacher wasn't certain which it was, and so divided the class into two groups and asked them to decide if a computer should be masculine or feminine.
- One group was comprised of the women in the class, and the other, of men. Both groups were asked to give four reasons for their recommendation.
- The group of women concluded that computers should be referred to in masculine gender because:
 1. In order to get their attention, you have to turn them on.
 2. They have a lot of data but are still clueless.
 3. They are supposed to help you solve your problems, but half the time they ARE the problem.
 4. As soon as you commit to one, you realize that, if you had waited a little longer, you could have had a better model.
- The men, on the other hand, decided that computers should definitely be referred to in the feminine gender because:
 1. No one but their creator understands their internal logic.
 2. The native language they use to communicate with other computers is incomprehensible to everyone else.
 3. Even your smallest mistakes are stored in long-term memory for later retrieval.
 4. As soon as you make a commitment to one, you find yourself spending half your paycheck on accessories.
