Think it Through First...

Three Big Bad Bikers went into a roadside truck stop and went up to an older gentleman at the counter who was having his breakfast. The first biker took out his cigar and dropped it into the man's coffee. He didn't say a word and resumed eating his breakfast. The second biker tipped over his glass of orange juice. Still no reaction. The third biker dumped the guy's plate of bacon and eggs on the floor. The little old man got up without saying a word, paid his bill and left the cafe. "He wasn't much of a man was he?" questioned the leader of the pack. "No," said the waitress, "and not much of a truck driver either. He just ran over three Harleys in the parking lot!"

How to Impress the FBI...

One of the best marksmen in the FBI was passing through a small town. Everywhere he saw evidence of the most amazing shooting. On trees, on walls, and on fences there were numerous bull's-eyes with the bullet hole in dead center. The FBI man asked one of the townsmen if he could meet the person responsible for this wonderful marksmanship. The man turned out to be the village idiot. "This is the best marksmanship I have ever seen," said the FBI man. "How in the world do you do it?" "Nothing to it," said the idiot. "I shoot first and draw the circles afterward."

Can I Really Help You???

Super Duper computer store. Can I help you?
 "Thanks. I'm setting up an office in my den and I'm thinking about buying a computer."
 - Mac?
 "No, the name's Lou."
 - Your computer?
 "I don't own a computer. I want to buy one."
 - Mac?
 "I told you, my name's Lou."
 - What about Windows?
 "Why? Will it get stuffy in here?"
 - Do you want a computer with Windows?
 "I don't know. What will I see when I look at the windows?"
 - Wallpaper.
 "Never mind the windows. I need a computer and software."
 - Software for Windows?...

After 12 years of therapy my psychiatrist said something that brought tears to my eyes. He said, "No habla ingles!"

Teacher's Gift from Little Johnny...

It was the end of the school year and the students were giving their teacher gifts. The teacher knew the profession of the kids' parents so she would guess what they got her. The florist's daughter gave her a box, she put it over her head and shook it. "Are they flowers?" asked the teacher, the student replied, "How did you know?" Then the candy shop owner's son came with a box, she put it over her head and said "Is it candy?" The student said, "How'd you know?" Then the liquor store owner's son, Johnny, came and the teacher saw the box leaking. She put her finger on it, sucked juice off the finger and said, "Is it wine?" Johnny shook his head no. Then she licked it again, "Is it vodka?" Johnny replied, "No. It's a puppy."

Navigating a Hot Air Balloon...

A man is flying in a hot air balloon and realizes he is lost. He reduces height and spots a man down below. He lowers the balloon further and shouts, "Excuse me, can you tell me where I am?"

The man below says, "Yes, you're in a hot air balloon, hovering 30 feet above this field. " "You must be an engineer", says the balloonist. "I am", replies the man. "How did you know?" "Well", says the balloonist, "everything you have told me is technically correct, but it's of no use to anyone."

The man below says, "You must be in management." "I am", replies the balloonist, "but how did you know?" "Well", says the man, "you don't know where you are, or where you're going, but you expect me to be able to help. You're in the same position you were before we met, but now it's my fault."

Holmes & Watson Go Camping...

Sherlock Holmes and Dr. Watson go on a camping trip. After a good dinner, they retire for the night, and go to sleep. Some hours later, Holmes wakes up and nudges his faithful friend. "Watson, look up at the sky and tell me what you see."

"I see millions and millions of stars, Holmes" exclaims Watson. "And what do you conclude from that?" Watson ponders for a minute.

"Well, astronomically, it tells me that there are millions of galaxies and potentially billions of planets. Astrologically, I observe that Saturn is in Leo. Horologically, I deduce that the time is approximately a quarter past three. Meteorologically, I suspect that we will have a beautiful day tomorrow. Theologically, I can see that God is all powerful, and that we are a small and insignificant part of the universe. What does it tell you, Holmes?"

And Holmes said: "Watson, you idiot, it means that somebody stole our tent!"

I'm Not Hunting With You...

Two hunters are out in the woods when one of them collapses. He doesn't seem to be breathing and his eyes are glazed. The other guy whips out his cell phone and calls the emergency services. He gasps, "My friend is dead! What can I do?" The operator says "Calm down, I can help. First, let's make sure he's dead." There is a silence, then a shot is heard. Back on the phone, the guy says "OK, now what?"
